# Why Hubei University of Technology? 从湖北工业大学走向世界

# A Dynamic City, Wuhan 武汉简介

- A Central city of the central region
- ●中部地区的中心城市。
- The capital of Hubei Province, a central city in the central region, a nationally recognized historical and cultural city, and an international comprehensive transportation hub, it serves as the economic center, technological innovation center, commercial logistics center, foreign exchange center, and the shipping center of the middle reaches of the Yangtze River, known as the "Nine Provinces' Thoroughfare."
- ●湖北省省会,中部地区的中心城市,国家历史文化名城,国际性综合交通枢纽城市,是中部经济中心、科技创新中心、商贸物流中心、对外交往中心以及长江中游航运中心,拥有"九省通衢"之称。
- Wuhan is an important industrial base in China, having formed globally influential industrial clusters in

Why Hubei University of Technology? 从湖北工业大学走向世界 04

optoelectronic information, automobiles and components, bio-medicine, and medical devices, is home to two national-level manufacturing innovation centers.

- ●武汉是中国重要的工业基地,已形成光电子信息、汽车及零部件、生物医药和医疗器械等具有全球影响力的产业集群,拥有两个国家级制造业创新中心。
- Important science and education base in China. One of Chinese four major science and education center cities, with 83 colleges and universities, and 34 national key laboratories.
- ●中国重要的科教基地,中国四大科教中心城市之一,83所高校和34个国家级重点实验室。
- The international wetland city, an important birthplace of Chu culture, a famous national historical and cultural city and one of the first batch of China's excellent tourist cities. There are 339 scenic spots and historical sites, 321 key cultural relic protection units at or above municipal level, and 57 national A-level tourist attractions.
- ●国际湿地城市,楚文化的重要发祥地,国家历史文化名城,首批中国优秀旅游城市。有名胜古迹 339处,市级以上重点文物保护单位321处,国家A级旅游景区57个。
- A center of international exchanges. Wuhan has established sister cities relationship with 29 global cities and friendly exchange relationship with 96 global cities, where the scale and the vitality rank at the forefront of cities in mainland China.
- ●致力于打造国际交往中心,武汉市共发展国际友好城市29个,国际友好交流城市96个,友城规模和 交往活跃度均居中国内地城市前列。

- Founded in 1952, HBUT has a history of over 70 years. It has beautiful campus and great cultural atmosphere. It is a multidisciplinary university that focuses on engineering and covers ten disciplines including economics, law, education, literature, science, medicine, management, art, and interdisciplinary subjects.
- ●学校创办于1952年,有着70多年的办学历史,校园环境优美,文化氛围浓厚,是一所以工学为主,覆盖经济学、法学、教育学、文学、理学、医学、管理学、艺术学、交叉学科等十大学科门类协调发展的多科性大学。

- Hubei Provincial Key University & Provincial "Double First-Class" Development University.
- ●湖北省重点建设高校和"双一流"建设高校。
- A national "Midwest and Central Universities Basic Capacity Cultivating Project" university, a national demonstration university for deepening innovation and entrepreneurship education reform, one of the first batch of national modern industrial college construction units, and advanced school for civilized campus.
- ●国家"中西部高校基础能力建设工程"高校、全国深化创新创业教育改革示范高校、首批国家级现代产业学院建设单位、全国文明校园先进学校。

## A Fast Growing University 学校简介

- HBUT currently has more than 1500 full-time faculty members, and over 20,000 full-time undergraduates, over 7,900 postgraduates.
- ●现有专任教师1500余人,全日制在校本科学生2万余人,研究生7900余人。
- A complete education system of bachelor's, master's and doctor's degrees.
- ●拥有本科、硕士、博士等完备的办学层次。
- •4 national featured undergraduate programs, 31 national first-class undergraduate program construction sites and 8 provincial first-class undergraduate program construction sites.
- ●现有4个国家特色本科专业、31个国家级一流本科专业建设点、8个省级一流本科专业建设点。
- The school has 2 national experimental teaching demonstration centers, 3 national engineering practice education centers, and 20 Hubei provincial experimental teaching demonstration centers and internship training bases. The school currently has 3 national-level high-quality public class, 13 national-level first-class courses, and 89 provincial-level first-class courses. The school has two key laboratories accredited by Ministry of Education, 1 collaborative innovation center jointly established by the national and provincial Ministry of Education, 1 national engineering research center, 1 national technology transfer demonstration institution, 1 national institute of modern industry, 45 provincial-level school-enterprise joint innovation centers and other various platforms.

- ●学校建有国家级实验教学示范中心2个、国家工程实践教育中心3个、湖北省级实验教学示范中心及实习实训基地等20个。学校现有国家级精品视频公开课3门,国家级一流课程13门,省级一流课程89门。建有2个教育部重点实验室、1个教育部省部共建协同创新中心、1个国家工程研究中心、1个国家技术转移示范机构、1个国家现代产业学院,45个省级校企联合创新中心等各类平台。
- Hubei University of Technology adheres to an open educational approach and establishes an international development strategy. The university has successively established cooperative relationships with over 180 universities and research institutions in more than 50 countries, including the United States, Canada, the United Kingdom, Germany, France, South Africa, Zambia, and Kenya.
- ●坚持开放办学,确立国际化发展战略。学校先后与美国、加拿大、英国、德国、法国、 南非、赞比亚、肯尼亚等50多个国家的180余所高校和研究机构建立合作关系。

# We Welcome International Students 来华留学简介

- International students enrollment started from 1998, one of the first authorized universities.
- ●学校从1998年开始招收国际学生,是较早招收和培养国际学生的高校之一。
- The school officially passed the Ministry of Education's quality certification for international students in higher education in China in 2019, and received recertification in 2024, obtaining a B-level certification within valid for six years.
- ●学校于2019年首批正式通过教育部来华留学生高等教育质量认证,并于2024年通过再次认证,获得 B级六年有效期认证资质。
- The school currently has over 700 international students, with more than 200 new students joining Hubei University of Technology each year.
- ●学校现有国际学生700余人,每年有200多名新生加入湖北工业大学。
- Programs offered to students of four types: undergraduates, postgraduates (master and doctor), language students, and research scholars.
- ●办学层次涉及本科生、研究生(硕士和博士)、进修生、研究学者等四大类型。
- HBUT emphasizes practical engineering education, blending innovation, entrepreneurship, and quality-

Why Hubei University of Technology? 从湖北工业大学走向世界 10

oriented learning. 19 majors are nationally certified with two disciplines "Food Science and Engineering" and "Bioengineering" ranked as ARWU "World-Class Disciplines." Additionally five disciplines rank in the top 1% of ESI globally.

- ●学校以工程教育实践教学为特色,融合创新创业教育与素质教育,19个专业通过国家认证。其中, "食品科学与工程"和"生物工程"入选软科"世界一流学科","工程学、农业科学、化学、材料科学、生物学与生物化学"等5个学科进入ESI全球前1%。
- In addition, the school has established a Chinese proficiency examination center and an international student innovation and entrepreneurship center, and has set up practical bases in collaboration with well-known domestic and international companies such as Changfei Fiber Optics and Guangdong Liyuanheng, providing students with high-quality learning and practical platforms.
- ●此外,学校设有汉语水平考试中心、国际学生创新创业中心,并与长飞光纤、广东利元亨等国内外知名企业建立实践基地,为学生提供优质的学习与实践平台。

Programs 招生项目 12

#### 申请条件

- ●身体健康, 持外国有效护照的非中国籍公民;
- ●高中毕业或具有同等学历,学习成绩良好,入学前需获得正式毕业证书;
- ●年满18周岁(2007年9月1日之前出生),未成年人需提供监护人出具的委托书;
- ●有关国籍身份的认定,应遵循中华人民共和国教育部的相关规定;
- ●申请中文授课专业,需提供《国际汉语能力标准》4级证书或HSK4级证书;

申请英文授课专业,若来自非英语(母语/官方语言)的国家,需提供英语语言测试成绩单(托福、雅思等国际英文考试)。

#### **Application Eligibility**

- Healthy body, non-Chinese citizens holding a valid foreign passport.
- High school graduation or equivalent education, good academic performance, and must obtain a formal graduation certificate before enrollment.
- Must be at least 18 years old (born before September 1, 2007), minors must provide a power of attorney issued by a guardian.
- The determination of nationality identity should follow the relevant regulations of the Ministry of Education of the People's Republic of China.
- To apply for a Chinese language instruction program, it is necessary to provide a Level 4 certificate of the International Chinese Language Proficiency Standards or a HSK Level 4 certificate.
- To apply for a program taught in English, if you are from a country where English is not the native or official language, you must provide a score report from an English language proficiency test (such as TOEFL, IELTS, or other international English examinations).

### 基本申请文件

- ●登记照
- ●护照
- ●最高学历证明、最高学历成绩单(如果不是中 文或者英文版本,请提供公证的翻译件)
- ●资金证明
- ●无犯罪证明
- ●英语语言证书
- ●健康证明
- ●1-3分钟的自我介绍
- (非必须:担保证明、推荐信、所获奖励证明、中文语言证书、在校表现证明)

#### **Basic Application Document**

- Registration photo
- Passport
- Proof of highest education, transcript of highest education (If it is not in Chinese or English, please provide a notarized translation.)
- Bank Statement
- Certificate of non-criminal record
- English language certificate
- Health certificate
- 1-3 minute self-introduction
- (Optional: guarantee certificate, recommendation letter, proof of awards, Chinese language certificate, proof of school performance)

### **Student Support Service**

The "One-Stop" student service station at the School of International Education Hubei University of Technology is a uniquely distinctive platform for international student services. Currently, the one-stop community includes a dormitory duty room, activity room, dance room, music room, ISA conference room, innovation room, reading room, and counseling room. SIE is committed to helping international students better adapt to campus life, experience traditional Chinese culture, and promote students' physical and mental health as well as their overall

development by providing comprehensive services. HBUT provides comprehensive support services through an advanced information management system and a student-centered service philosophy. The university prioritizes students' physical and mental well-being, offering assistance with any challenges they face. Additionally, students benefit from diverse creative and entrepreneurial practice opportunities, as well as personalized career guidance to help them achieve their goals.

# 学生服务

湖北工业大学国际学院"一站式"学生驿站是一个独具特色的国际学生服务平台,目前一站式社区拥有宿舍值班室,活动室,舞蹈室,音乐室, ISA会议室, 创新室, 阅览室, 谈心室。学院致力于通过提供全方位的服务, 帮助国际学生更好地适应校园生活, 体验中国传统文化,促进学生身心健康和全面发展。完善的信息化管理系统及人性化的服务体系, 为每一位国际学生成长成才保驾护航。学校为国际学生提供完善的信息化管理系统和人性化的服务体系, 始终坚持以学生为本的教育理念, 将学生的身心健康放在首位,随时为学生排忧解难。此外, 学校还为学生提供丰富的创新创业实践机会以及专业的实习就业指导, 为学生成长成才提供全方位支持。

### Teaching

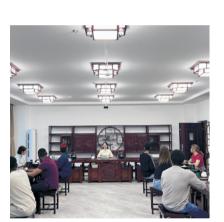

The school covers an area of over 1,600 acres, with a building area of over 1.1 million square meters. It is equipped with comprehensive teaching, research, cultural, sports, and logistical service facilities, advanced basic and specialized laboratories, a safe and smooth campus network, and an efficient administrative platform. The student dormitories are all equipped with air conditioning, private bathrooms, and hot and cold water bathing facilities. The school library has a building area of 45,800 square meters and is recognized as an excellent library among higher education institutions in Hubei Province. Currently, the school has more than 1,500 full-time teachers, including over 800 with senior professional titles, 32 national-level talents, and 184 provincial and ministerial-level talents. The school has also hired over 500 part-time professors, including several academicians from renowned domestic and international universities, research institutes, and large enterprises, forming a high-level faculty team led by national-level talents, supported by provincial and ministerial-level talents, and consisting of young and middle-aged doctoral teachers as the backbone.

### 教学

### Student Organizations and Activities

International Student Association (ISA): As an autonomous team among international students, ISA provides a great way to enrich your experience by joining the abundant activities including the International Cultural Festival, the New Year Gala, volunteer activities and so on.

Student Clubs: Band, Volunteer Team, Basketball Team, Football Team, Volleyball team, etc.

In accordance with the principle of "voluntary, independent and spontaneous", international student organizations carry out thematic, healthy, beneficial and colourful activities to prosper the campus culture, cultivate a sense of social responsibility, innovation and practical ability among international students, and promote the growth and success of students.

# 学生社团及活动

国际学生联合会(ISA):国际学生联合会(ISA)是国际学生自治组织,在国际学院统一领导下,通过组织和参加丰富多彩的校园活动,如国际文化节、新年晚会、志愿活动等,丰富国际学生课余生活。国际学生兴趣社团:丝路乐队、志愿服务队、篮球队、足球队、排球队等。国际学生社团按照"自愿、自主、自发"原则,开展主题鲜明、健康有益、丰富多彩社团活动,繁荣校园文化,培养国际学生的社会责任感、创新精神和实践能力,促进学生成长成才。

#### Voice of alumnus 校友心声 32

Voice of alumnus

AKHMETBEKAKPAROV (周安南)
KAZAKHSTAN (哈萨克斯坦)

Undergraduate students majoring in Digital Media Arts, Class of 2018 2018级数字媒体艺术专业本科生

Study: Pursuing a master's degree at Beijing Normal University.

I am particularly fortunate to have come to China. Here, I feel as though everything I wish to express is being listened to and cared for, and I have never felt so satisfied with life. I am honored to spend a quarter of my life in China, which has become my second homeland. I am grateful to the teachers for their trust and encouragement; you have instilled in me a special confidence, and I have always felt your care during my time at school. I wish the teachers success in their work and hope you can ignite the hearts of more students. I thank Hubei University of Technology for providing me with a platform for learning, where I have left the most important fragments of my life on campus.

AKAXID SAYSOMBATH (姚赛龙) LAOS (老挝)

Master's degree student in Business Administration, Class of 2018 2018级工商管理专业硕士研究生

Work: Deputy General Manager of the Credit Department at the Laos United Development Bank

During my important time at Hubei University of Technology, many memories have been deeply etched on my heart. These two years have equipped me with many solid skills for life. Throughout my studies and daily life, the teachers continuously encouraged me to discover my potential, and their guidance has laid a solid foundation for my future. My experiences at HBUT will always hold a special place in my heart. If given the opportunity in the future, I would be willing to revisit this beautiful place.

BAGBILA GOMDTIRBNOMA BORIS FLAVY (陈狼) BURKINA FASO (布基纳法索)

Master of Civil Engineering, graduated in 2019 2019届土木工程硕士研究生

Work: Road and Bridge Design Project Manager

China has became an indispensable part of my life, and I regard it as my second home. My studies in China have shaped the person I am today. The Chinese culture, especially the hardworking and upward striving attitude of the Chinese people, has greatly benefited me. I am grateful to my alma mater for providing me with opportunities to hone my skills. The professional level I have achieved in my career is largely due to the rigorous training I received from my school. Every time I see my master's degree certificate, a sense of gratitude towards HBUT arises within me, and my longing for my alma mater grows stronger each day. I wish my alma mater continued success and brilliance in the future.

DIARIMALALA ONINTSOA ROMINAH (罗明娜)
MADAGASCAR (马达加斯加)

PhD students in Protein Engineering in 2019 classes 2019级蛋白质工程博士研究生

Work: Shenzhen Bay Laboratory

Having studied in China for over four years, the knowledge I have acquired is both rich and practical. Only "gratitude" can express my sincere feelings, for it is because of China that I have been able to shape the person I am today, and I feel immensely proud of every aspect of my current life. If it were not for coming to Hubei University of Technology, the support of the school, and the funding from the Hubei Provincial Government Scholarship, my postdoctoral dream would not have been realized. I sincerely wish for the prosperity and success of Hubei University of Technology!

SIBVE TAKADII SAMSON (塔卡) ZIMBABWE (津巴布韦)

2013 Class of Bachelor's Degree in Accounting 2013级会计学本科

Work: China Railway Ninth Bureau Zimbabwe Project

Thank you for the previous two choices, which have given me a strong sense of achievement today. The first was to study at Hubei University of Technology, and the second was to join the China Railway 9th Bureau's Zimbabwe project. This job has allowed me to contribute to the country's mineral construction, fulfilling my dream of serving the nation. During the two years of the project, I witnessed the tremendous changes brought to Zimbabwe by China's powerful infrastructure, so only by continuously working can we match China's speed.

KAZUNGU TANGUY AXEL (唐吉) RWANDA (卢旺达)

Graduate of a master's degree in civil engineering 土木工程专业硕士毕业生

Work: Rwanda Registered Engineer

Hubei University of Technology has provided me with valuable knowledge and skills, enabling me to advance smoothly in my career. I am now a registered civil engineer in Rwanda and have participated in numerous projects since 2021. I take pride in being able to contribute to the development of Rwanda, as Hubei University of Technology played a significant role in my training.

BENTUM-MICAH GEOFFREY GHANA (加纳)

Master's Degree Graduate in Business Administration, Class of 2016 2016届工商管理专业硕士研究生

Work: Shanghai Microsoft Software Co., Ltd. Technical Support Engineer

I find it hard to forget the enthusiasm of my teachers for teaching and the assistance they provided for my success in later life. During my time studying at HBUT, I am grateful for the companionship of my teachers. HBUT has nurtured my pursuit of academia and ignited my thirst for knowledge. Thank you for your support in my personal and professional development, which is of great significance to me. The profound depth of Chinese culture, the encouragement of my teachers, and the warmth of the Chinese people have broadened my horizons and enriched my life. Thank you for being an important part of my educational journey and personal growth: my dear China.
